For Congress
WILLIAM T. ELLIS,
of Daviess County.

The total population of the country is put down at 63,212,000.

Let every Democrat who loves his party be at the polls next Tuesday to vote and work for Ellis.

The defeat of Ellis would be a calamity to the Second District. A third party member would be utterly without influence or the ability to do anything for his constituents.

Mr. Bourland has decided to take the stump in the last days of the campaign and has an appointment in Daviess county for Saturday and at Crofton, in this county, for next Monday.

The Kentuckian's work in the campaign closes with this issue, which is the last before the day of the election. It has tried to do its duty as an advocate of the rights of the people and has at the same time tried to treat all with justice and fairness. If some of its friends happened to be in the direction its guns were pointed, we only regret that they did not heed the good advice we have given them and stay on the right and the safe side.

Outside of Christian county the situation is about as follows: Ellis will carry Daviess by 500, Union by 1500 and McLean and Hopkins by small majorities. Henderson and Webster are doubtful but claimed with confidence by Bourland. This leaves Christian to figure on, but you can never tell what Christian is going to do until after the election. With the usual good and effective work next Tuesday the county can be made to give Ellis from 500 to 1000 majority. Christian's vote may decide the election.

Mr. Bourland claims to have a letter pledging the support of Esq. M. D. Davis, a late Democratic candidate for county judge and until recently a member of the Democratic County Committee. We have been unable to see Esq. Davis, but put no faith in the claim that so staunch and consistent a Democrat as he has been will desert his party to support an independent candidate. In the Democratic primary election last January Esq. Davis received more than 700 votes and he would surely take no step now to make these supporters regret their action.

Mr. Bourland is confronted with a very serious charge in Hopkins county, which if true, shows him to be a violator of the prohibition law of that county. The charge that he voted for the prohibition law and then himself violated it was published in the Owensboro Messenger of Wednesday. It was shown by the affidavit of Sam Langley, Deputy Clerk, that Mr. Bourland voted for the prohibition law and then followed the following affidavit:

MADISONVILLE, Oct. 28.
I, Wm. Bradley, do certify that I have bought from H. R. Bourland, whiskey that was sold in violation of the prohibition law of Hopkins county.
Wm. Bradley.

Subscribed and sworn to before me by Wm. Bradley this, October 28, 1890.
R. B. Bradley,
Examiner for Hopkins County.

This is a very serious and damaging charge and one that Mr. Bourland ought to clear up, if he can.
The Owensboro Messenger says: Sometime ago the McLean County farmers and laborers' Union, in the county meeting, adopted a resolution calling on the two candidates for congress to define their respective positions on the questions that are now so prominently before the farmers in all parts of the country. Mr. Chas. Noel, a prominent member of the wheel, was delegated to write to each of the candidates and put to them the questions dictated by the county Union. A list of questions were submitted to Mr. Bourland, but he treated them with silent contempt, returning no answer whatever. The same questions were propounded to Hon. W. T. Ellis, and he gave the Union prompt and satisfactory answers. This shows the difference between the two men. Ellis has opinions that he is not ashamed of and is running on a platform that is in the interest of the whole people. If Mr. Bourland has any political principles except a desire for office he has not made them known, although called on by so respectable a body as the McLean County Union.

Mr. C. B. Jones, of Spring Hill, Iowa, says: "I have used Chamberlain's Pain Balm for severe and painful burns with better effect than anything else I have ever tried. It relieves the pain instantly and cures without leaving a scar." Pain Balm is one of the most useful medicines that any family can be provided with, especially for rheumatism, lame back, sprains, bruises, tooth-ache, ear-ache and like ailments. One application will relieve the pain and a fair trial insure a cure. 50-cent bottles for sale by Buckner Leavel.

A GREAT DAY.

Three Thousand People Listen to Senator Carlisle's Speech

Many Ladies Attend the Meeting.

For the first time since his canvass for Lieutenant Governor in 1871, Senator Carlisle addressed a Hopkinsville audience Wednesday afternoon. It was from the first announcement of his appointment a foregone conclusion that the Court House would not hold half the people who would be here to hear him. On Tuesday morning it was decided to hold the meeting in the mammoth Main Street Warehouse and Forbes & Bro. put a large force of hands to work and by noon Wednesday had a platform erected and comfortable seats for 1,800 people provided. It was well that this change was made, for when the crowd assembled every seat was taken and fully 1,000 or 1,200 people were standing up, while enthusiastic Democrats were perched upon all the beams of the structure within reach of the speaker's voice. The crowd numbered not less than 3,000 and many estimate it as high as 3,500. It was the largest political gathering ever seen in this city. Among the auditors were 200 or 300 ladies and the pupils of South Kentucky College, male and female, who were allowed to attend by Prof. Kuykendall in order that they might hear Senator Carlisle's discussion on political economy.

Every part of Christian county was represented and large delegations were present from Hopkins, Trigg, Todd and other neighboring counties. Senator Carlisle, contrary to expectations, did not arrive until 1:30 p. m. The committee, who went to meet him found him sadly in want of rest and sleep and suffering with a bad sore throat. He remained at Henderson Tuesday night and on the following morning found himself much refreshed and while his throat still troubled him, his address of an hour and a half was delivered with his usual force and vigor of enunciation.

Senator Carlisle's entrance to the hall at 2 o'clock was the signal for a storm of applause, such as rarely ever greeted any man in Hopkinsville. He was briefly presented to the audience by one of the gentlemen who acted as escort from Henderson. His speech began by a pleasing reference to his former visit here, followed by an apology for having waited so long to make a return visit. He then launched into the issues of the day, taking up the vital questions between the two parties, presenting them without any attempt at oratory, but logically, forcibly and plainly. He discussed the McKinley tariff law, showing conclusively that it was legalized robbery of the people by manufacturers, through the influence of whose millions it was introduced and passed.

He denounced the Force bill as the crowning iniquity which the Republican party has sought to perpetrate against the civil liberty of the people. A portion of his speech was devoted to the Farmers' Alliance movement. His argument in this connection showing the fallacy of the Sub-Treasury plan and the proposition to have the government buy and operate the railroads and telegraphs was unanswerable and he conclusively showed that these measures are not in the interest of the farmer.

He complimented Mr. Ellis as a most excellent Congressman and one who might be relied on to vote with the Democrats at all times. In this connection he cited the case of Mr. Featherstone, the Alliance Congressman from Arkansas, who voted with the Republicans on the Force bill.

The Senator in closing his remarks, urged every Democrat to vote for Ellis at the November election, and not to let the Republicans become the beneficiaries of disaffection in the Democratic ranks.

At the conclusion of his remarks there were loud calls for "Ellis" and Capt. Ellis, who was on the platform, made a few remarks urging Democrats to do their whole duty next Tuesday.

It was a great day for the Democracy of Christian county, whose enthusiasm has been aroused to the highest pitch, and Capt. Ellis will receive the party vote next Tuesday. The desertions from his own party will be made up by the complimentary votes of Republicans, including most of the old soldiers who affiliate with the party.

Senator Carlisle had an appointment to speak in Covington last night and in order to make it, had to leave on the 5 p. m. train, to the great regret of our people who had so short a time to pay their respects. He was accompanied by Mr. H. E. Queen, of Covington.

Your Friend,
BUCKNER LEAVELL,
Hopkinsville, Ky.

Bourland reached Henderson yesterday and has begun an active canvass. He is playing only the small towns and expects to make one speech in each of the important counties, closing the campaign at Crofton next Monday. Mr. Ellis or some other Democrat will be on hand to meet Mr. Bourland at each of his appointments.

We want every mother to know that croup can be prevented. True croup never appears without a warning. The first symptom is hoarseness; then the child appears to have taken cold or a cold may have accompanied the hoarseness from the start. After that a peculiar rough cough is developed which is followed by the croup. The time to act is when the child first becomes hoarse; a few doses of Chamberlain's Cough Remedy will prevent the attack. Even after the rough cough has appeared, the disease may be prevented by using this remedy as directed. For sale by Buckner Leavel.

It is greatly to be regretted that Capt. Ellis was unable to meet his appointments in Christian county this week. A canvass in this county would have brought him the most satisfactory returns. The people were anxious to have him among them and are disappointed that he could not arrange at some period in his canvass to make some speeches in the county.

Universally Admired.
Visitors to the city of Louisville observe that the old Silas Jones whiskey, of which Laz Simons & Co. are sole proprietors, is one of the most popular brands in the market, it being particularly noted for its purity, and it is said to be one of the best on the market for medicinal purposes. This popular brand is sold all over the United States.

CLEANING KID GLOVES.

A Simple Fluid That Will Do Its Work Well Every Time.

Light kid gloves soil so easily that they would be a very expensive item in the wardrobe if one were unable to clean them. In all large towns they can be sent to a shop, where they will be cleaned for ten cents a pair. It is, however, a great convenience to be able to do such work at home, in a hurry, or living out of town.

When plain naphtha or benzine is used the odor clings to the gloves a long time. Here is a fluid that will easily clean the gloves, and when they are exposed to the air for a short time the odor passes away. Put into a three pint bottle one quart of benzine, one ounce of ether, one ounce of chloroform and a half an ounce of white wintergreen. Shake, and cork tightly.

To clean the gloves, put them on the hands, and wetting a piece of clean white cloth or a small sponge with the fluid, sponge the gloves quickly, rubbing quite hard in the parts most soiled. Take another clean piece of cloth and rub the gloves until they are perfectly dry. Now slowly and carefully work the gloves off the hands, and hang them in the fresh air for half an hour. All odor will have disappeared by that time.

This fluid gives the gloves a lighter color, but leaves them soft and free from streaks. If the cleaning and drying have been properly done, and it also removes the odor sometimes caused by perspiration. It must be remembered that with this fluid, as with the pure benzene or naphtha, care must be taken not to be near an open fire, a lighted lamp or gas, as the gas which it gives off is very inflammable.

Another method of cleaning kid gloves is to use naphtha, pouring it into a deep saucer. Put the gloves on the hands, and dip one hand at a time in the saucer, wetting the glove thoroughly, then rub it quickly with a soft, dry cloth. The rubbing must be done very quickly, or the glove will look streaked. Should there be any spots that were not removed with the first dipping and rubbing, wet a corner of the cloth, and rub the soiled part till it becomes clean. In using such volatile articles as naphtha, benzene, chloroform, etc., be careful that the liquid should be removed very rapidly, that the stain may be removed before the liquid dries.—Maria Tardos, in Housewife.

AMERICA'S RICHEST WIDOW.

She Inherits a Private Chapel Costing Seventy Thousand Dollars.

Never has there been such universal church-going in New York as during the present season. I saw a lady in black step out of a handsome mourning carriage in front of St. Thomas church, last Wednesday afternoon, and some one told me that it was Mrs. Moses Taylor, who, with Mrs. W. H. Vanderbilt, shares the honor of being the richest woman in America. She is a member of the Presbyterian church, but is subject to no bigotries and finds pleasure in occasional attendance upon services in Episcopal churches. Church-going is one of her favorite pursuits at all times, and down at Long Branch she has a private chapel, the property of her own, who ministers to her spiritual needs during her summer sojourn. This chapel cost her \$70,000, is attended by quite a large congregation of the local Presbyterians and is the center of a beautiful and lavish charities. It was a great surprise to her, upon her husband's death, to find herself so rich a woman, for he never talked to her about his business, and though she knew to be a wealthy man, she had formed no calculation as to the amount he was worth; no one, indeed, not even his executors, had credited old Taylor with more than half a dozen millions at the most, and the surprise of the latter was great on the appointed day, when they and the widow went to open the doors of the particularly-solid vault which the old man had built into the wall of his office.

The innermost compartment was large enough to hold certificates of stock and the like securities without folding. There was a great stack of these papers lying neatly on top of each other, un-urked and unincreased. They represented Taylor's investments in railroads, banks and insurance companies, deeds of real estate and every sort of sound financial venture. The widow did not comprehend the full meaning of this great pile of documents, but the executors looked at each other with pleased significance, and set about making an inventory, putting down figures on the back of a card, and announcing in awed tones to the widow, when this pleasing task was done, that she was the sole possessor of a fortune amounting to \$60,000,000. She bore it with that meek and gentle resignation of which even the worst of us would be capable under similar circumstances, and many unfortunate have since had reason to be grateful that this great sum fell into such discreet and charitable hands.

Mrs. Vanderbilt is also a faithful church-goer, having pews in several different churches, one of her favorite places of worship being old Trinity.—Brooklyn Eagle.

The Democrats of the Sixth District are to be given a taste of the Force Bill at the election Tuesday. Under the present election law, Federal Supervisors are appointed when petitioned for and the supporters of Weldon O'Neal, the Union candidate for Congress, have had them appointed and they will be on hand to control the election in that district. What do the Democrats of Kentucky think of this?

If people would take the advice of Buckner Leavel the druggist they would never start on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It can always be depended upon and is pleasant to take.

Seals are getting so scarce that seal-skin garments have gone up 100 percent this season. They have reached a figure where none but the wealthy can afford them.

W. L. Bamberger has purchased the fine trotter, Annie R., of George Bowles, of Lexington, and she will arrive in the city in a few days. Annie R., formerly belonged to Messrs. Withers & Steele, and has scooped a number of premiums this season.

In our report of the premiums taken on wine at the fair we stated that Mrs. Bronaugh took the premium on best wine and best display of wines. She only took the premium on the best display, Mr. W. H. Hall, of Montgomery, taking it on the best grape wine.

Among the gentlemen who occupied seats on the platform Wednesday were Messrs. Hunter Wood, T. M. Barker, M. D. Brown and Chas. M. Meacham, of the County Committee.

Judge Jno. W. McPherson, Capt. W. T. Ellis, Capt. Sam M. Gaines, Mr. E. M. Plack and a number of others.

The big Main Street Warehouse makes a splendid place for large gatherings. It was not difficult to hear the speaker at a distance of a hundred feet from the stand, which was erected near the centre of the building.

Mr. W. E. Ragdale has the thanks of the committee for the use of his warehouse.

The Young Ladies' Society of the Ninth Street Presbyterian Church will hold a Chrysanthemum show on Thursday and Friday, Nov. 6th and 8th. A beautiful premium will be awarded for the best display of flowers.

Oysters will also be served on the occasion. It is to be hoped that the many fine varieties of this flower will be displayed, thereby making the affair a success.

The Kellogg concert at the Opera House Tuesday night was rendered to one of the largest and most cultivated audiences that ever assembled in the house. Owing to the lateness of the accommodation train, Miss Kellogg did not appear upon the stage until nearly ten o'clock, the curtain rising at 9:30.

Miss Kellogg sang several pieces, and executed her selections with marked ability, receiving a hearty encore after each rendition. Her support was good. The selections rendered by Mr. Henry Dickman and Mr. W. H. Lee received a recall.

The concert closed with the fourth act of "Il Trovatore" in full costume, the prison scene being well rendered. Upon the whole the concert was well up to the expectations of a majority of the audience.

CREAM OF NEWS.

A Serious Cutting Affray.

Jno. Ward, a young man living in the Bellevue neighborhood, was severely stabbed in the back by Jno. Profit, of Sinking Fork, about 6 o'clock Wednesday evening. The stabbing occurred at a point on the Cadiz pike where it and the Princeton road intersect—about one and a half miles from the city. Both parties had been to the city and had been drinking pretty freely, and later had had some trouble. Profit started home on foot about sunset, intending to catch a wagon which had left him.

Ward, a little later, started for his home in a buggy. Overtaking Profit near the toll gate he invited him to ride with him. The invitation was accepted and they drove off together.

Nothing further is known of what passed between them before the cutting, as neither party was sober enough to remember what did happen. Ward says he does not know what caused Profit to cut him, and Profit says he does not know, unless it was in a dispute over the ownership of a bottle of whisky. The stab is just below the right shoulder blade, extending three inches around, and is two inches deep, having entered the lung, and while not necessarily fatal, is a very serious nature. Ward was taken to Mr. P. C. Carter's, near by, and Dr. Fuqua was called and dressed the ugly wound. Profit was arrested at his home a few hours later and lodged in jail. An examining trial will be held Monday if Ward is able to attend. Messrs. Payne and Breathitt have been retained as counsel by the defense.

A Fire Wednesday Night.

Mr. J. C. Woodbridge's stable, a large shedded building on the Virginia street side of his residence lot, was burned about 7 o'clock Wednesday night. It is not known how it caught on fire. It was in flames when discovered and burned down in a very short time, destroying all the contents.

About \$25 worth of hay and grain, a fine milk cow, and a \$200 back or barouche were the principal losses. Those with the building brought the loss up to about \$500, with no insurance.

The fences adjoining were also burned or torn down. The stable on the lot of Mr. Barrow adjoining also caught on fire and the roof was burned nearly off before a bucket brigade got to work and put out the flames.

The roof of Prof. McCormick's house near by was saved by pouring water on it with buckets. Mr. John Combs' house across the street caught at one time but was put out by prompt action with buckets of water. The fire company turned out, but could get no water and the engine did not play upon the fire.

Mr. Combs, whose house was saved, desires us to express his thanks to those who helped him in his time of need. He was not at home himself, but Capt. A. V. Townes and others of his friends took charge of the work and kept his house from burning.

Earned to Death.

Eveline Lander, an old colored woman living in a cabin on the farm of Mr. T. D. Roberts, near Bellevue, was burned to death early Wednesday morning. She was kindling the fire when her dress caught and before assistance arrived she was burned to a crisp. "Aunt Eveline," as she was called, was 70 years old, and had been a cripple for many years. She was a servant of the late S. S. Lander, and was a great favorite with the Lander family, all of whom will learn with regret of her horrible death.

Cutting Scrape.

Col. W. R. Allegree and a man named Blythe, both old residents of Fairview, became involved in a fight yesterday and both used pocket knives with bloody effect. Allegree got the worst of it. Their injuries are not fatal.

Chautauqua Lectures.

The circles of this city have arranged for an admirable series of literary entertainments for this season, beginning with a lecture by Rev. Wilbur L. Davidson, which will be given at the Opera House in this city on the evening of November 4th. The subject of his lecture is "From the Italian Lakes to Vesuvius," and in addition to his vivid word painting of this beautiful and classic region, he will illustrate his subject with a number of stereoscopic views superbly gotten up and with a view of bringing out minutest details of each scene embraced within the scope of his lecture. The subject is picturesque and added to these splendid stereoscopic illustrations, the lecturer's vivid descriptive powers will prepare us to expect an extraordinary literary treat.
